

FRANCIS MARION COLLEGE  
VIGNETTES, 72

VIGNETTES '72

# INTRODUCTION

Ever notice how an annual changes from year to year? Sometimes it seems as though the only thing in life that's constant is change.

This is the look of Vignettes '72. Instead of using pages and pages of copy, our book is more or less concerned with personal articles resembling the style of a magazine. The pictures themselves tell the story.

Our staff has tried to give you an idea of what FMC life really is all about. In that, we have included good, the bad, and the usual. If we had a second chance, certainly there would be things we would have changed. The staff can only hope it has recaptured a year full of spirit, happiness, and involvement—the year 1972.

Francis Marion College named twelve members of its first graduating class and three members of the junior class to Who's Who in American Colleges and Universities for 1971-1972.

Students elected annually to Who's Who are top-ranking juniors and seniors who have distinguished themselves by their participation and leadership in academic and extracurricular activities, overall citizenship and service to the college, promise of future success and usefulness, as well as contributions to the college community. Nominations were made by a joint student-faculty committee, which submits names for approval of the National Office in Tuscaloosa, Alabama.

President Walter Douglas Smith

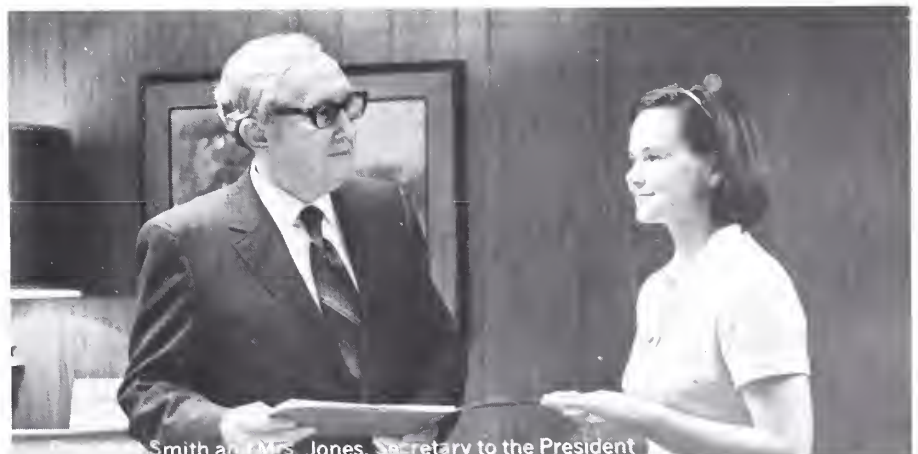

President Smith and Miss Miller, Admin. Ass't to the President

"Francis Marion College may be considered something of an experimental school, established by a legislature that believed it could serve as a regionally oriented, state college. We might remember, even when thoroughly frustrated — a condition that is bound to come to most of us this year — that we could be shaping here in Florence a 'model' of the state college for the future in South Carolina."

President and Mrs. Smith

"I urge this student body, therefore, to go proudly about its task, like the Marines, proud of your outfit and — well — not necessarily ready to take on all comers — because in this college we take on ourselves every day."

Smith and Mrs. Jones, Secretary to the President

# COMMENCEMENT EXERCISES

First Commencement Exercises were held Saturday, May 13. The 5:00 p.m. ceremony saw the College confer its first baccalaureate degrees as well as its first honorary doctorate. In addition, Associate in Science degrees were also granted to students in the technical nursing program. The College granted a total of 130 degrees — 25 Associate in Science, 64 Bachelor of Science, and 41 Bachelor of Arts.

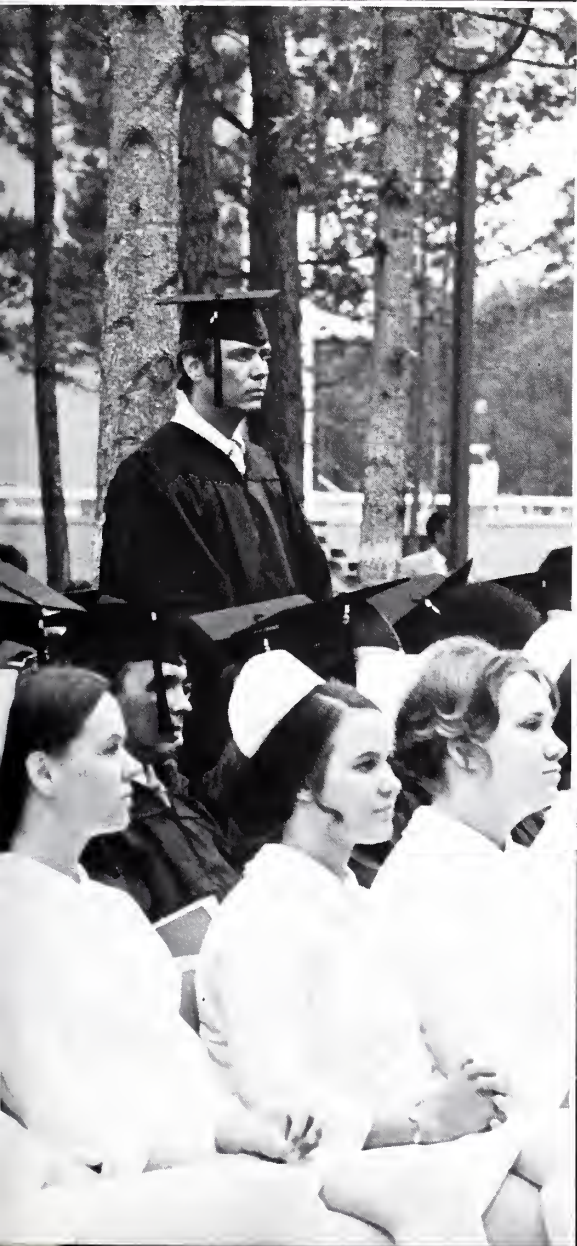

Receiving the first honorary degree, the Doctor of Humanities, was Dr. J. Howard Stokes. The Citation which accompanied the degree recalled the efforts of Dr. Stokes since 1956 on behalf of higher education for the Pee Dee area.

A final first on the program was the singing of the Alma Mater by the Francis Marion College Chorus. A distinctively American tune, the Alma Mater is set to the melody of "Chester" by William Billings. The tune was a favorite of Revolutionary War soldiers and, with the exception of "Yankee Doodle," is the only famous Revolutionary War song of American origin.

Featured speaker for the occasion was James Dickey, Professor of English and Poet-in-Residence at the University of South Carolina. Also speaking on the program was James A. Rogers, Chairman of the State College Board of Trustees, who addressed members of the graduating class and the audience on "Francis Marion College: The First Two Years."

The invocation and benediction were given by Diane C. Schaefer and L. Franklin Elmore.

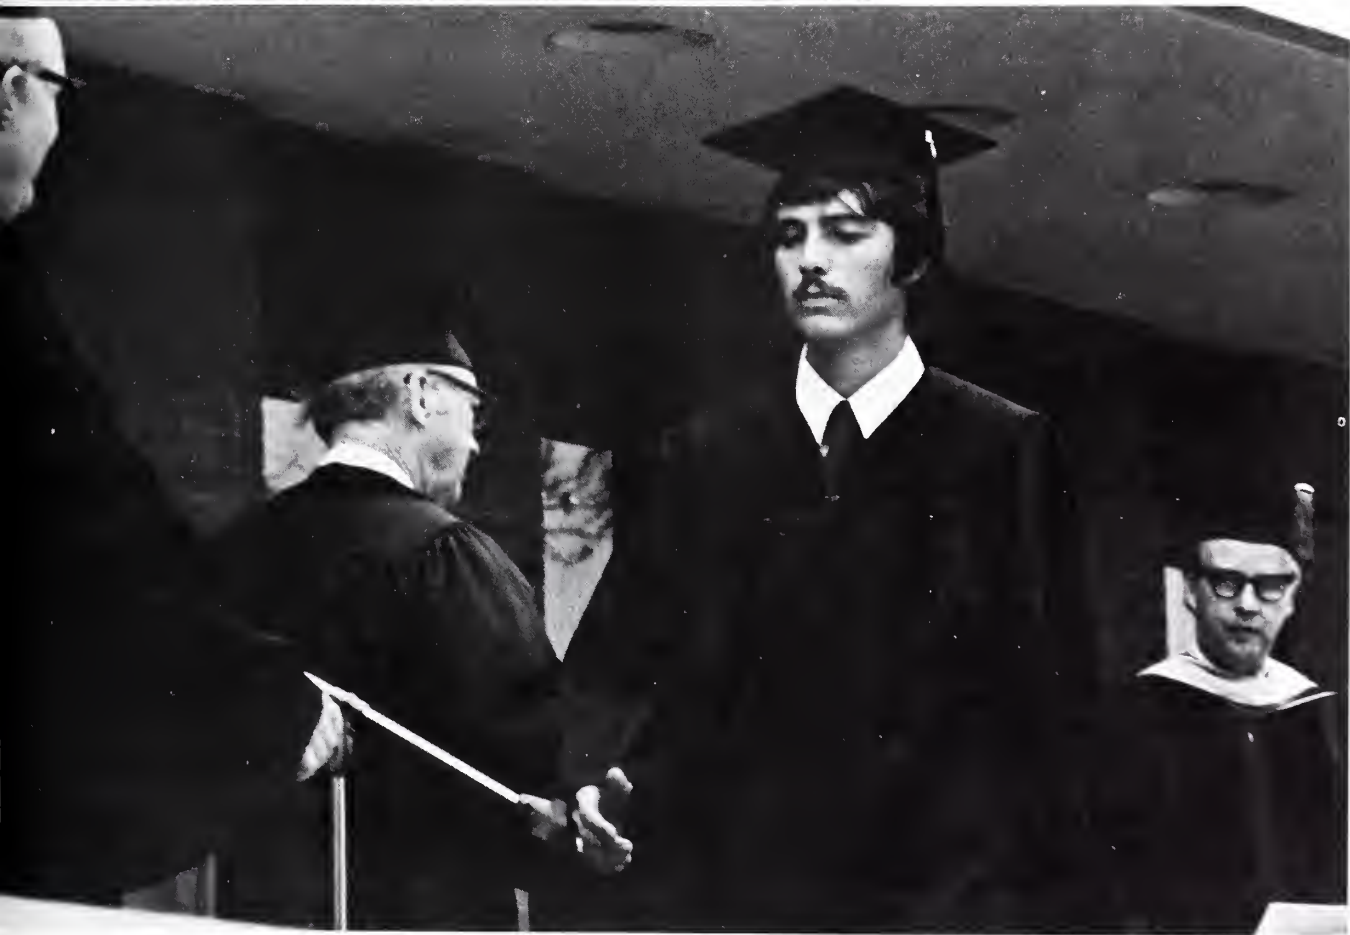

JAMES DICKEY
